

LUCIANA DRIMEL DIAS

Lawyer, Law Professor (Ph.D.), International Affairs Coordinator, Mediator & Negotiator

"I have been practicing and teaching Law and Negotiation over 28 years and promoting Internationalization over 8 years. During this journey I could contribute enabling people to take their own decisions to solve their conflicts and to improve networking and find their career path, which means encourage them to be protagonists of their lives. By being Coordinator of International Affairs, teaching Mediation, Negotiation and providing Mentoring sessions I could help people developing a sense of belonging and sharing; enable empowerment and self-esteem and improve autonomy and citizenship. I truly believe this is an equal, human, and comprehensive way of making the difference to the Companies where I work, also to the students and professionals."
